Kiel, Germany, 2021-5-27

Most Revered Gracious Huzur,
dear Professor Satsangi Sahab,

on May 21, 2021 the Third International Conference of the Dayalbagh Science of Consciousness (DSC 2021), hosted by the Dayalbagh Educational Institute (DEI), Deemed to be University, Agra, India, and co-hosted by Kiel University, Germany, and the University of Waterloo, Canada, took place as zoom-conference due to the pandemic. With Your guidance and blessing, the event gathered eminent speakers from three continents and at least six countries. Please accept our brief report on DSC 2021.

1. Through the eSatsang Cascade, 9637 participants attended the Morning Session of the conference, 4199 participants attended the Evening Session.
2. The conference went very well, with Your Vision Talk as the high point opening up infinite horizons. The talks and discussions underscored the disciplinary excellence and the ethical commitment of the speakers to the cause of Dayalbagh Science of Consciousness. Positive feedback mails confirm this observation.
3. Several Contributed Talks of Young Researchers were outstanding. We therefore propose to install a section for Young Researchers at DSC 2022, and invite some of them for regular talks.
4. The Consensus Building Meeting unanimously proposed to hold DSC 2022 in Dayalbagh. Keynote speakers and chairs of DSC 2021 as well as speakers from former DSC conferences, e.g. Profs Diem and Lane (USA), strongly support this idea. It was suggested to go with the experienced team of organisers, Prof Srivastav (Kiel) as coordinator, Prof Daya (Dayalbagh), Prof Narayan (Waterloo), and to include Prof Davis (Birmingham). Prof Horatschek (Kiel) would again act as the co-chair from the West.
5. Due to teaching and semester break in Europe, it was agreed to propose the last week of September 2022 for the conference in Dayalbagh.

We are deeply thankful for the joy and honour to organise DSC 2021, and on behalf of Kiel University we offer our heartfelt gratitude to You. Without Your blessing all would have been nil, and we are thirsting for Your benevolent approval.

With Hearty Radhasoami,

Continue to support and
may take feedback
